Over the last few weeks the ad hoc Federal Notice 86 FR 4088 Workgroup met for a handful of sessions to draft a comment to Federal Notice 86 FR 4088 FDA Proposal to Make Permanent Regulatory Flexibilities Provided During the COVID-19 Public Health Emergency.

The comment is now available on our website:

The statement would not have been possible without the contributions of the ad hoc workgroup. On behalf of Plcc Alliance, thank you to all workgroup members for your efforts in crafting this statement.
